

NEWS TERSELY TOLD.

Six new cases of cholera and one death were reported today at Bromberg, Prussia, in the five villages of this administrative district.

An official bulletin issued at Berlin announced that 19 new cases of cholera and seven deaths were reported during the 24 hours ending at noon today.

Newspapers announce, says a dispatch from Valparaiso, Chili, that an American syndicate has been organized with a capital of \$100,000 for investment in Chili.

The council of French ministers has decided on the reassembling of parliament either Oct. 17 or Oct. 30, the date depending on the wishes of the presidents of the two chambers.

The American liner, Philadelphia, which sails from Southampton today for New York, will have among her passengers Frank B. Noyes, James R. Garfield, Bishop Thomas, B. Neely, of Buenos Ayres and Bishop Cortlandt Whitehead, of Pittsburg, Pa.

Fire, which started in the boiler and pumping house of the Iron City Brewing company, at Pittsburg, between Thirty-fifth and Thirty-sixth streets in the Lawrenceville district, caused a loss of \$75,000. The flames spread to the main building and machine shops both of which were partially consumed.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Japanese Surgeon in America.

San Francisco, Sept. 11—Dr. S. S. Suki, chief surgeon of the Japanese army, and close companion of Admiral Togo, has arrived here on his way to the convention of physicians and surgeons soon to assemble at Detroit. He was chosen to represent the Japanese medical service at the request of the United States government. On being told of the terms of the peace treaty, he said: "This will be a great blow for our people, who have made such sacrifices to prosecute the war. I am sorry to hear of the rioting in Tokio, and fear the end is not yet."

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Fatally Shoots Brother-in-Law.

Columbia, S. C., Sept. 11—Meager details from Saluda say that State Senator Eugene S. Bleasde, of Saluda county, shot his brother-in-law, Joe Ben Coleman, four times, one bullet taking effect in the hand, one in the shoulder and two others in the body. Physicians say that either of the body wounds is sufficient to produce death. The shooting occurred in front of the Smith Bros' store, and five shots were fired. It is not known whether Coleman returned the fire, or what what caused the shooting.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

New Consul Appointed.

Washington, Sept. 11—Announcement was made at the state department today that J. Martin Miller, who was appointed consul at Aix-La-Chapelle, but who was refused an exequatur by the German government, has been appointed consul general to Auckland, New Zealand, and that Consul General Dillingham at Auckland, had been appointed to the post at Aix-La-Chapelle.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. Sold by all drug stores, guaranteed.

A SWIMMING POOL.

How to Make One in a Brook or Running Stream.

The brook or running stream of natural outdoor water gives a variety of chances for the man who wishes to live his life aright. The brook can be converted, without being diverted, into a swimming pool for boys by building a dam at the point where the banks do a little extra shelving and tend to form a natural basin. The bottom should be spaded out and made more of a reservoir in its capacity and shape. The dam itself can be made by a family of boys at the cost of the lumber and nails involved. The embankments are sodded. The sides of the spillway are made of wooden posts driven into the ground and boarded up. This makes a box up affair, or rather two boxes, one on each side of the stream. These boxes are filled with sand, rocks and sods to make a solid cubic piece of resistance. The sodded embankments run across the valley or depression of the brook hollow to the higher ground. By means of a lever—a pole (playing into a wooden jawed socket and weighted with a rock or pieces of iron)—the water gate can be opened against a strong headway of water. The water flows over the top of the spillway when it is closed, and by raising the gate the pond can be emptied or reduced to the normal level of the brook. —Country Life in America.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and \$1; guaranteed. Trial bottle free.

The Weight of the World.

A cubic foot of earth weighs about five and a half times as much as a cubic foot of water. A cubic mile of earth then weighs 25,649,300,000 tons. The volume of the earth is 259,880,000 cubic miles. The weight of the world without its atmosphere is 6,666,250,000,000,000,000 tons. If we add to this the weight of the atmosphere given above, we get a grand total—6,666,255,819,000,000,000,000 tons.

Thin Plaster.

Paper Hanger—We'll have to paper right over the old paper. We can't get this paper off without taking the plaster along with it. Owner (modern cottage)—Because the paper sticks to the plaster? Paper Hanger—No, because the plaster sticks to the paper.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

A Curious Custom.

In Byfield, a small Northamptonshire village in England, a curious old custom is still observed in connection with the letting of certain land. The ceremony is held in different licensed houses in the vicinity, and the clergyman presides over the proceedings. The company, chiefly consisting of local farmers, is seated round a large table. Presently one of them rises and bids a certain amount, immediately walking round the table and out of the door. If this can be done before the next bid is made, the land is his for the season; if not, bidder No. 2 commences the walk, and so on. This curious auction occupies some considerable time and causes great excitement.

Interested.

An English magazine tells a court story. A counsel in the middle of his cross examination was handed a telegram. "Hello," he said, as he read it. "So-and-so has won the Derby." "Mr. A," said the judge severely, "it is very unseemly that in the course of solemn judicial proceedings, where a man's liberty and reputation are at stake, you should be talking of the winner of a horse race. Er—by the way, does the telegram say which were second and third?"
